

Design: Anders Nørgaard

Steckbrief

Technischer Aufbau

- / Holzinnengestell
 - / Unterfederung: Wellenfeder
 - / Sitzpolster aus Polyurethan-Kaltschaum, „Raumgewicht“ 37 kg/m³
 - / Rückenpolster aus Polyurethan-Kaltschaum, „Raumgewicht“ 30 kg/m³
 - / Kissenfüllung aus Schaumstoffstäbchen und Polyesterfasern
 - / Standardfuß: Kunststoff-Rundrohr in der Oberfläche „Mattchromoptik“
- Die Angaben zum „Raumgewicht“ können in einem Toleranzbereich von +/- 10% schwanken.

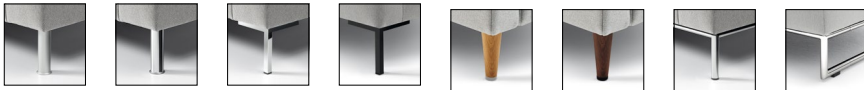

Hinweise

- / **Sitzhöhe wahlweise 40 oder 43 cm. Bitte bei der Bestellung angeben**
- / Niedrige ASO's können immer an die Seitenteile hoher SOB's und ASO's angereiht werden. Die Höhen und Profile sind identisch. Hohe und niedrige Rücken bzw. Seitenteile können aber nicht direkt miteinander gekoppelt werden
- / Eckgruppen nur aus ASO's bestehen immer aus Modellen gleicher Richtungsangaben: ASO links + ASO links sowie ASO rechts + ASO rechts
- / Die PB-Modelle sind nur an der breiten Seite koppelbar
- / Dieses Programm ist designbedingt leger gepolstert und neigt zur Wellenbildung in der Polsteroberfläche und bedarf daher einer höheren Unterhaltspflege.

Fußvarianten

- | | | | | | | | |
|--|---|-----------------------|---------------------------------|---------------------------|----------------------------|-------------------------------------|----------------------------------|
| Kunststoff-Rundrohrfuß, Mattchromoptik (Standardfuß) | Kunststoff-Rundrohrfuß, Glanzchromoptik | Winkelfuß, glanzchrom | Winkelfuß, Strukturlack schwarz | Kegelfuß, Eiche natur H98 | Kegelfuß, Eiche dunkel H65 | Rundrohr-Rahmen-gestell, glanzchrom | Kufen-Rahmen-gestell, glanzchrom |
